MX1080	Motocross 50cc demo class	Peter Woodhead	There is no existing rule on the fitting of hand lever protectors (hand guards) to 50cc Demo class machines	12.17.1.2 p) Hand lever protectors ; single mounted type may be fitted for Motocross Hand lever protectors help keep the rider's hand free from mud and protect the lever from damage in the event of a fall.	Commission believes this recommendation is not required as rule already applies to 50cc machines, see 15.22.6.4	Board supports commission's decision
MX1081	12.17.2.2	Peter Woodhead	There is no existing rule on the fitting of hand lever protectors (hand guards) to 50cc Auto class machines	12.17.2.2 m) Hand lever protectors ; single mounted type may be fitted for Motocross Hand lever protectors help keep Hand lever protectors help keep the rider's hands free from mud and rocks and protect the lever from damage in the event of a fall.	Commission believes this recommendation is not required as rule already applies to 50cc machines, see 15.22.6.4	Board supports commission's decision
MX1082	15.5.0.1	Jamie Heidrich	allows 250 2 stroke machines (50hp) to race against 250 4 stroke (35hp) machines in the mx2 class at all levels of competition. huge horsepower advantage for the 250 2 stroke machines, in particular on fast tracks and tracks with a very long starting straight to first corner, big advantage for slower riders on 250 2 stroke machines to holeshot the first corner in front of an expert rider competing on a 250 4 stroke. not a true indication of rider ability level at a championship event.	250 2 stroke machines only allowed in mx1 (same hp as the 450 4 stroke machines	The reason this was introduced in Australia was to increase grid numbers despite the parity issues. Commission is aware of the issues and will continue monitoring the class carefully over the next 12-18 months. Response to Jamie Heidrich: MX Commission acknowledges the issues raised and will be continuing to monitor the class over the next 12-18 months. Commission resolves to contact distributors on this issue explaining the reasons this was introduced.	Board supports commission's decision

MX1084	Electric bikes	Pete Goddard	Does not exist	<p>We would like MA to consider including Electric Motorcycles into the Manual of Motorcycle Sport for all or suitable Junior disciplines for 2014 please, to compete with and against petrol bikes for all of Australia.</p> <p>Minikhana Trials Dirt Track Pocket bike Motocross Enduro etc</p> <p>This will particularly open our sport and your entry level classes to electric bikes which are now at quite a good level and becoming readily available, well priced, low maintenance and cheap to run. Additionally electric only events can be run in almost any location as there is no noise issues</p>	<p>MX Commission supports this recommendation subject to further consultation with stakeholders and other Commissions on power/age/classes.</p> <p>Peter Doyle to further investigate parity issues.</p>	Board supports proposal and requests the Rule and Technical committee to develop rule for proposed disciplines.
MX1085	Green Flag protocol	DRC		<p>Recommendation is to bring MA's green flag protocols in line with the FIM. Currently there is some confusion amongst officials as to which protocol is correct to use and when (e.g. International Island Classic).</p> <hr/> <p>1.22 Flags and Lights</p> <p>Marshals and other officials display flags or lights to provide information and/or convey instructions to the riders. All flags are presented waved.</p> <p>1.22.1 Flags and Lights Used to Provide Information:</p> <ul style="list-style-type: none"> • Green Flag The track is clear This flag must be waved at each flag marshal post for the first lap of each practice session and of the warm up, for the sighting lap and for the warm up lap. This flag must be shown waved at the flag marshal post immediately after the incident that necessitated the use of one or more yellow flags. When the pit-lane exit is open, this flag must be waved at the pit-lane exit. • Yellow and Red Striped Flag 	Commission supports this recommendation.	Board supports Road Race specific – HPEM to add to chapter.

MX1086	Recreational activity	Tim Hewitt	there is currently no formal requirement for an entry form to be available , nor a rider's briefing to be delivered , at a practice / recreational event . whilst GCR 7.1.1.1 m) places the onus of completing an entry form upon the participant , currently there is no requirement for clubs / promoters to actually provide these at a practice / recreational event.	<p>suggest additional rules</p> <p>6.8.0.2 an entry form must be made available to all participants by the club / promoter conducting the recreational activity .</p> <p>6.8.0.3 participants in the recreational activity must complete the entry form</p> <p>6.8.0.4 - all participants in the recreational activity must attend a rider's briefing prior to participation. whilst the common requirement for participants to sign an indemnity form satisfies a minimum insurance requirement , machine details - which become vital in the instance where a junior is participating - and other information such as licence expiry that is completed as part of an entry form - are not recorded.</p>	Commission supports this recommendation in principle and recommends that MA and the SCBs make entry forms, next of kin details, and riders briefings mandatory for recreational activity.	Board recommends rider briefing can be in the form of a one page summary handed out or verbally presented.
MX1087	4.2.6	MSA	<p>4.2.6 Competitions between Categories of Machine</p> <p>4.2.6.1 In respect of any competition:</p> <p>a. Unless otherwise provided for by these Rules or any relevant supplementary regulations, no two machines of a different category (as defined in 1.1.0.21) may compete in any event</p> <ul style="list-style-type: none"> • Any promoter proposing events that seek to have two or more different categories of machine compete must be subject to the requirements of 'Alternate forms of Competition' and if approved, permitted accordingly. • Combination of Senior classes, of the same category, within disciplines, is the responsibility of the RCB. <p>b. Item No.	Issue	Raised By	Existing Rule	Proposed Rule Change & Rationale	Commission's Decision	MA Board Decision
MX1089	Sup regs 2014 MX Nationals	QLD Motocross subcommittee	<p>Letter received</p> <p>4.5 MXD (Under 19's) eligibility, A rider must be the holder of a Senior National License, once a rider turns 19 they can no longer compete in the class, regardless of previous rounds competed. Any rider who finishes in the top 3 in the series will only have 1 year before they must move up, providing they still fit the above age criteria.</p> <p>This ruling has been brought to the attention of the MQ MX subcommittee by riders who are negatively affected by the ruling.</p> <p>The MQ MX subcommittee strongly believes that if a rider is eligible to enter a class of competition at the beginning of a series they should be allowed to complete the series in that class of competition, regardless of celebrating a birthday.</p> <p>The MQ MX subcommittee requests that MA review this ruling in the hope that the ruling may be modified to allow riders who turn 19 to complete the series in the development class.</p>	-	Commission does not support this recommendation. The rationale for this change was to encourage competitors to move up to the senior class at or before 18 years of age after spending at least a year in the MXD class.	Board supports commission's decision
