

Speedway Commission Meeting Minutes - Final

Minutes of the Speedway Commission held Friday 19th April, 2013 at Motorcycling Australia offices, 147 Montague Street, South Melbourne.

PRESENT: Ivan Golding - Chairman
Peter Campton
Gary Davey

APOLOGY: Nil

IN ATTENDANCE: Emma van Maanen

Item No.	Issue	Raised By	Existing Rule	Proposed Rule Change & Rationale	Commission's Decision	Lead	MA Board Decision
SW709	Welcome	IG	The Chairman welcomed those participating and declared the meeting open 9:00am.	-	-	-	-
SW710	Confirmation of minutes	IG	Minutes of last meeting were received as true and correct	-	No business arising.	-	
SW711	Rule 12.8.8.3 If this rule cannot be interpreted or re written it should be eliminated	Gavin Cosway	12.8.8.3 If a plastic, fibreglass or part open chain guard is used, a steel bolt of not less than 10mm diameter, placed outside the bottom rear quadrant of the clutch sprocket. This bolt, if damaged, must be replaced.	If this rule cannot be interpreted or re written it should be eliminated	Commission agree this rule should not be eliminated. This is a safety item.	SCB's	
SW712	Eliminate rule 12.8.5.1.b	Gavin Cosway	12.8.5.1.b <i>Footrests must: Not touch the ground at lean unless they are hinged or pivoted and controlled by a return spring.</i>	This rule should be eliminated or amended so road racing machines are excluded	Commission agree this rule is not related to Speedway.		
SW713	Eliminate rule 12.8.3.1 a,d,e	Gavin Cosway	12.8.3.1 Exhaust systems must: a) Be fitted with silencers,	This rule should be eliminated. a) If this rule is under noise limit	Commission agree this rule		

Item No.	Issue	Raised By	Existing Rule	Proposed Rule Change & Rationale	Commission's Decision	Lead	MA Board Decision
			<p>b) Terminate at a point not more than 25mm beyond the rear extremity of the rear tyre tread,</p> <p>c) Be attached as closely as practicable to the machine and in a manner that does not, in the opinion of the Scrutineer, create a hazard to other competitors,</p> <p>d) Where separate silencers are fitted, have a minimum of 2 mountings or locking screws on all machines which have a capacity in excess of 85cc,</p> <p>e) Where silencers are re-packable, have safety wired securing bolts.</p>	<p>without silencer why is there a requirement for a silencer</p> <p>b) How many motorcycles have 2 mounting or locking screws?</p> <p>e) Most re packable silencers have pop rivets or self-tapping screws</p>	is not related to Speedway.		
SW714	12.8.9.2	Gavin Cosway	12.8.9.2 Valve caps must be used for all competitions.	Metal valve caps must be used for all competitions. Plastic valve caps should not be used	Commission agree as long as a cap is used it doesn't matter if it is plastic or metal.		
SW715	19.12.4.1. (d)	Mildura MC	Medallions and points will be awarded in Australian Speedway Championship where there are Sidecar – 12 starters	Medallions and points will be awarded in Australian Speedway Championship where there are Sidecar – 9 starters As history has proven and current shortage of riders and passengers required, makes it virtually impossible to keep the Australian Junior Sidecar Title going in its current requirement. We need to look at moving forward in a positive direction to keep the sport.	Commission suggest dropping entry number for Junior Sidecar Championship to 9 starters instead of 12 for a two year trial basis starting January 2014 - January 2015.	MA Board	
SW716	Amend rule	Gary Johnson	The 3 main officials at a club ride day cannot ride. Steward, Clerk of Course and race secretary	Have only 2 non riding officials, Steward and clerk of course	Commission do not agree for Speedway.	MA Board	
SW717	Amend rule 3.2.0.1	Karen Skate	3.2.0.1 Any rider, who is transported to hospital, recommended to attend hospital or is advised by a medical practitioner that they require a medical clearance before taking part in any further competition event will have their license suspended until such time as they supply a medical clearance to MA, their SBC or a Key Official at a MA permitted race meeting event	I write in regard to this rule and base the reasons for the abolishment of this rule on my experience as being (Road Race) race secretary for some 10 years	Commission do not agree. This rule will remain as it is a safety issue.	MA Board	
SW718	Delete rule 3.6	R Gill	LICENSING - SPEEDWAY MECHANICS 3.6.1.1 A person may not work as a Mechanic for	Delete rule This rule is not being applied and is being ignored. Pits are being	Commission agree this rule will remain. This rule allows action to be	SCB's	

Item No.	Issue	Raised By	Existing Rule	Proposed Rule Change & Rationale	Commission's Decision	Lead	MA Board Decision
			<p>any rider in any Speedway competition unless that person:</p> <p>a) Is licensed as a mechanic, b) Is not less than 16 years of age,</p> <p>3.6.1.2 MA, or an SCB on behalf of MA, may issue a mechanic's licence to any person.</p> <p>3.6.1.3 An application for a mechanic's licence and for renewal thereof, must:</p> <p>a) Be to the SCB of the State or Territory in which the applicant ordinarily resides, b) Be in the prescribed form, c) Be accompanied by: i) Proof of the age of the applicant, ii) Proof the applicant has current ambulance subscription, and iii) The prescribed fee.</p> <p>3.6.1.4 On receipt of an application for the issue or renewal of a Mechanic's licence the SCB may:</p> <p>a) Issue or renew the licence unconditionally, b) Refuse to issue or renew the licence, or c) Issue or renew the licence on such terms and conditions, as it thinks fit.</p> <p>3.6.1.5 An applicant for a Mechanic's licence who is aggrieved by a decision of the SCB under the previous GCR may appeal to the appellate body of that SCB.</p> <p>3.6.1.6 A Mechanic's licence continues in force for 12 months from the date of issue.</p> <p>3.6.1.7 A Mechanic's licensee must:</p> <p>a) Carry the licence at all times during any meeting, b) Produce the licence on demand to any key official during any meeting,</p>	<p>adequately controlled by other more effective means such as wrist bands and gate attendants. Currently the issue of a mechanics licence does not guarantee that a licence holder is an actual mechanic. Licensing of mechanics adds a level of bureaucracy that is not necessary</p>	<p>taken against mechanics other than the rider.</p>		

Item No.	Issue	Raised By	Existing Rule	Proposed Rule Change & Rationale	Commission's Decision	Lead	MA Board Decision
			3.6.1.8 If unable to produce the licence, complete a declaration certifying compliance with the licence requirements of these Rules and forthwith pay the prescribed non-production fee.				
SW719	Amend rule 12.4.5.1.	R Gill	12.4.5 Engine Capacity Tolerances 12.4.5.1 Unless otherwise specified in the following table, the actual engine capacity of a machine competing in a capacity class may not exceed the prescribed capacity for that class by more than 2%:	Add to bottom of table 125cc 4-stroke (Speedway) 1% 150cc 4 Stroke (Speedway) NIL Clarifies the engine capacity tolerances between the 125cc engine and the proposed 150cc engine and aligns the location for capacity tolerances with the MoMS	Commission to not agree, Speedway 125cc covered in GCR 19.4.1.2. Commission do not agree with adding 150cc engine.		
SW720	Amend rule 19.4	R Gill	19.4 ENGINES - JUNIOR SPEEDWAY 19.4.1 125cc Solo 19.4.1.1 If the engine is fitted with a gearbox, the gearshift lever must be removed and the machine must remain in 1 gear while racing. 19.4.1.2 The engine capacity must not exceed 125cc with a +1mm tolerance of the bore diameter. 19.4.1.3 A single cylinder, 4-stroke engine, fitted with 1 carburettor, of a mass produced type must be used. 19.4.1.4 The cylinder head must be as follows: a) 2-, 3- or 4-valve cylinder heads can be fitted, but 3- and 4-valve heads must retain manufacturers specifications, b) The action of the valves must be controlled by valve springs, c) The cylinder head may be ported and, if damaged in use, bearing journals may be bored and bearings replaced with either roller or bronze bearings, d) For 2-valve heads, maximum valve size must be: i) Exhaust - 25mm, and ii) Inlet - 30mm. 19.4.1.5 Carburettors no bigger than 24mm can be fitted.	19.4 ENGINES - JUNIOR SPEEDWAY 19.4.1 125/150cc Solo 19.4.1.1 - If the engine is fitted with a gearbox, the gearshift lever must be removed and the machine must remain in 1 gear while racing. 19.4.1.2 - The engine capacity must not exceed 150cc. 19.4.1.3 - Engines must be single cylinder, 4 stroke and be of a mass produced carburettor type 19.4.1.4 - The following may be modified- up to 125: a) Any type of ignition system may be used. b) Any type of carburettor up to 24mm may be used c) Cylinder head may be ported d) For 2-valve heads, maximum valve size must be: i) Exhaust - 25mm, and ii) Inlet - 30mm e) 3 and 4 valve heads must retain standard valve size e) Camshaft bearing journals may be bored and bearings replaced with either roller or bronze bearings Replacement parts equivalent to OEM may be fitted	Commission do not agree with this rule regarding 150cc engine capacity. Commission believe Junior Speedway does not warrant another section.	SCB's	

Item No.	Issue	Raised By	Existing Rule	Proposed Rule Change & Rationale	Commission's Decision	Lead	MA Board Decision
			<p>19.4.1.6 Inlet manifold must be round for entire length.</p> <p>19.4.1.7 Early model crankcases may be used with late model heads but the compression ratio must not exceed 9.7:1.</p> <p>19.4.1.8 Any type of ignition system may be used.</p> <p>19.4.1.9 Later model parts, or parts of different manufacture, may be installed.</p> <p>19.4.1.10 The "Shupa" brand junior Speedway machine is approved for competition in the Junior 125 Solo class when the machine is fitted with the 2- or 3-valve head.</p>	<p>g) The gearbox, if fitted, may be modified or removed to limit the engine to one gear.</p> <p>h) Camshaft</p> <p>i) Compression ratio</p> <p>k) Parts from other engines either the same or other manufacturer may be interchanged.</p> <p>Over 125 and up to 150cc</p> <p>a) The engine must remain OEM and any replacement parts must either be OEM or a direct equivalent.</p> <p>b) Carburettor must remain OEM as supplied with the donor motor.</p> <p>c) Ignition system must be OEM as supplied with the donor motor</p> <p>d) NIL tolerance on capacity</p> <p>e) Exhaust system may be modified</p> <p>19.4.1.3 A single cylinder, mass produced, 4-stroke engine, fitted with 1 carburettor, of a mass produced type must be used.</p> <p>19.4.1.4 The cylinder head must be as follows: a) 2-, 3- or 4-valve cylinder heads can be fitted, but 3- and 4-valve heads must retain manufacturers specifications,</p> <p>b) The action of the valves must be controlled by valve springs,</p> <p>c) The cylinder head may be ported and, if damaged in use, bearing journals may be bored and bearings replaced with either roller or bronze bearings,</p> <p>d) For 2-valve heads, maximum valve size must be: i) Exhaust - 25mm, and ii) Inlet - 30mm.</p> <p>19.4.1.4 Carburettors no bigger than 24mm can be fitted.</p> <p>19.4.1.6 Inlet manifold must be round for entire length.</p>	<p>Commission do not agree with this rule regarding 150cc.</p> <p>Commission recommends</p>		

Item No.	Issue	Raised By	Existing Rule	Proposed Rule Change & Rationale	Commission's Decision	Lead	MA Board Decision
				<p>19.4.1.7 Early model crankcases may be used with late model heads but the compression ratio must not exceed 9.7:1.</p> <p>19.4.1.5 Any type of ignition system may be used.</p> <p>19.4.1.9 Later model parts, or parts of different manufacture, may be installed.</p> <p>19.4.1.10 The "Shupa" brand junior Speedway machine is approved for competition in the Junior 125 Solo class when the machine is fitted with the 2- or 3-valve head.</p>	leaving rule 19.4.1.7 as is.		
SW721	Delete rule 19.9.0.2.	R Gill	19.9.0.2 Junior Senior riders must be assessed by an MA accredited coach prior to Competition.	<p>19.9.0.2 Delete.</p> <p>This rule singles out 250 senior riders for special consideration, the way the existing rule is written and inserted means 500cc riders or sidecar riders do not need to be assessed by a coach. All junior riders already need assessing by an accredited coach through other rules, this is unnecessarily repetitive. Currently no senior riders in any discipline need to be assessed, if it is considered all senior riders need assessing by a coach it should be written in the licensing section of the MoMS.</p>	<p>Commission agree this rule will remain.</p> <p>This rule is needed for new Senior riders in Speedway and it is a safety item.</p>	SCB's	
SW722	Delete rule 19.11.4	R Gill	<p>19.11.4 Log books</p> <p>19.11.4.1 Each competitor must possess a prescribed log book which must:</p> <p>a) Be produced by the competitor at Scrutineering,</p> <p>b) Be available for production at any other time during the meeting,</p> <p>c) Contain provision for the following entries:</p> <p>i) The meeting date and place,</p> <p>ii) The Scrutineer's report as to any defects or faults in the machine,</p> <p>iii) Any penalties imposed by the Referee.</p> <p>19.11.4.2 A competitor must correct any machine defects noted in the log book</p>	<p>Delete rule</p> <p>The retention of this rule not only carries an unacceptable risk for the rider, officials and MA, but is another unnecessary expense and administrative burden in place for no known reason.</p> <p>The risk to the organisation and volunteers is severe. Knowingly allowing a rider to ride a machine that is not mechanically sound could result in a charge of criminal negligence should that fault result in an injury or death of a competitor or worse a spectator. All faults should be attended to before a rider is permitted to continue, this is a</p>	<p>Commission agree Log Books will remain.</p> <p>As per 2012 minutes (SW674) Log Books if used properly are warranted in Speedway.</p>	SCB's	

Item No.	Issue	Raised By	Existing Rule	Proposed Rule Change & Rationale	Commission's Decision	Lead	MA Board Decision
			before being permitted to compete on that machine again.	<p>basic rule with any other discipline. Speedway should be no different to other sports. The noting of penalties is not something that is observed in the current age, and carries no significance. In making a decision on any penalty the referee generally will make a call on what he has seen in a race, he doesn't have time to chase up a riders log book to add an extra penalty for multiple offences.</p> <p>In any case a rider with something unacceptable in the log book be it penalties or requirements to repair a fault can magically lose their book and obtain a replacement from the SCB.</p>			
SW723	Amend rule 19.13.4	R Gill	<p>19.13.4 Heat Format - Teams And 19.13.4.3 Heats must be as follows: a) There must be 7 teams with each team having 6 heats and each team meeting all teams twice, b) Between each heat there must be either another event or a 4 minute break, c) Competitors cannot change gate position.</p>	<p>19.13.4 14 Heat Format – Teams And 19.13.4.3 Heats must be as follows: a) There must be 7 teams with each team having 6 heats and each team meeting all teams twice, b) Between each heat there must be either another event or a 4 minute break, c) Competitors cannot change gate position in a 14 heat format. New Rule 19.13.6 Competitors in all but the 14 Heat format may change gate positions Adding the number '14' to the title clarifies this rule is for 14 heat format. The leaving out of '14' changes the context of the rule and leads to confusion. Adding 'in a 14 heat format' to item c) clarifies with no uncertainty where this rule applies which is only to the 14 heat format. Rule 19.13.4.3 must remain as not being able to exchange places as this 14 heat format does not lend itself to exchanging places fairly. The new rule 19.13.6 clarifies the right</p>	<p>Commission suggest changing rule to: 19.13.4.3 c) Competitors cannot change gate position in this format only.</p> <p>"19.11.9.2 Competitors who are members of the same team or pair may exchange their starting positions." Should be added under 19.13.3 also.</p>	<p>MA Board</p> <p>MA Board</p>	

Item No.	Issue	Raised By	Existing Rule	Proposed Rule Change & Rationale	Commission's Decision	Lead	MA Board Decision
				of riders in a team to exchange places.			
SW724	New rule 19.9.0.4	Speedway MC of WA	No existing rule	<p>19.9.0.4 The 350cc machines will no longer be eligible for junior competition from 1 January 2014.</p> <p>This puts a sunset clause into the rules to allow for the phasing out as has been the intention. A 2014 phase out will ensure that riders committed to the 350 are not disadvantaged as riders 14 this year will be 16 in 2014.</p> <p>This rule was supported by the Commission and Board in 2012 for the 2013 season however the rule has not appeared in the 2013 rule book. Commission to confirm the rule for 2013 and 2014 rule book.</p>	Commission suggest adding the following rule; 19.9.0.3 d) 350cc machines are not eligible for Australian Championship from January 1 st 2014.	MA Board	
SW725	New rule 19.7	R Gill	No existing rule	<p>19.7 50cc Solo</p> <p>Eligible machines are any production solo motorcycles utilising 50cc 2 or 4 stroke engines. All machines must be OEM.</p> <p>a) Engine capacity must not exceed 50cc</p> <p>b) The gearbox must not have more than one gear for 2 stroke machines and 3 gears for 4 stroke machines</p> <p>c) The clutch must not be of other than OEM and other than of a centrifugal type</p> <p>d) Rear wheel must not be other than 10" (254mm).</p> <p>e) Front wheels must not be other than 10" (254mm) or other than 12" (304mm)</p> <p>f) A lanyard kill switch must be fitted</p> <p>g) Working brakes must be maintained</p> <p>The following may be altered</p> <p>a) Parts equivalent to OEM may be</p>	<p>Commission do not agree with this rule change.</p> <p>Commission agree 50cc machines are a good starting point for riders, already covered in GCR 12.16.0.1</p>	SCB's	

Item No.	Issue	Raised By	Existing Rule	Proposed Rule Change & Rationale	Commission's Decision	Lead	MA Board Decision
				<p>fitted.</p> <ul style="list-style-type: none"> b) Seat c) Colour d) Mudguards e) Handlebars f) Grips g) Levers h) Cables i) Chains j) External gearing k) Tyre brand and pattern l) Foot pegs and foot peg position m) Rear shock absorber may be removed and replaced with a solid replacement n) Throttle limiting devices may be removed o) Restrictor washers in the header pipe abutting cylinder barrel may be removed. <p>The 50cc competitive class is one of the most important classes in junior speedway as it is the primary feeder class for junior solo classes. These rules keep the machines standard with the exception of some modifications which make them more suitable for speedway, yet retain the ability for the rider to use them at other events. Having the class included in the speedway chapter clearly indicates to riders that there are options to motocross and makes it clear to clubs that they can cater to this class and promote it to the wider riding community.</p> <p>This approach at SMCWA has resulted in over 20 50cc riders participating with riders now graduating to junior solos as they reach 8 and 9 years of age. It is also important to include this class as a national championship class.</p>			
SW726	Amend rule	R Gill	19.2.4 Junior - 125cc Solo	19.2.4 Junior - 125cc Solo	Commission do not agree		

Item No.	Issue	Raised By	Existing Rule	Proposed Rule Change & Rationale	Commission's Decision	Lead	MA Board Decision
	19.2.4.		<p>19.2.4.1 Wheelbase must not exceed 1375mm.</p> <p>19.2.4.2 Rear rim diameter must not exceed 17" (432mm).</p> <p>19.2.4.3 Rear tyres must:</p> <p>a) Have Trial or Speedway pattern tread tyres,</p> <p>b) Not exceed 90mm x 432mm (3.5" x 17"),</p> <p>c) Not be modified.</p> <p>19.2.4.4 Front rim diameter must not exceed 482mm (19").</p> <p>19.2.4.5 Front tyres must:</p> <p>a) Have Trial pattern or Speedway tread,</p> <p>b) Have a diameter not exceeding 19" (482mm),</p> <p>c) Not be modified.</p> <p>19.2.4.6 Exhaust mounts:</p> <p>a) The exhaust must have at least 3 mounts to the motorcycle.</p> <p>b) The silencer must be attached to the frame with at least 1 clip. A second moveable coupling must be fitted from the first third of the silencer to the frame with a steel cable of at least 3mm or strong steel spring.</p>	<p>19.2.4.1 Wheelbase must not exceed 1375mm.</p> <p>19.2.4.2 Rear rim diameter must not exceed 17" (432mm) for the 7 – U9 class and 9 – U12 classes or 18" (457mm) for the 12 – U16 class.</p> <p>19.2.4.3 Rear tyres must:</p> <p>a) Have Trial or Speedway pattern tread tyres,</p> <p>b) Not exceed 3.5" (90mm) x 432mm (3.5" x 17"),</p> <p>c) Not be modified.</p> <p>19.2.4.4 Front rim diameter must not exceed 19" (472mm) for the 7 - U9 and 9 – U12 classes or 21" (532mm) for the 12 – U16 class.</p> <p>19.2.4.5 Front tyres must:</p> <p>a) Have Trial pattern or Speedway tread,</p> <p>b) Have a diameter not exceeding 19" (482mm),</p> <p>c) Not be modified.</p> <p>The current wheel sizes limit larger junior riders. The option of a larger diameter wheel will ensure older and larger juniors are retained in the sport by ensuring, as much as possible, the machines are sized appropriately, whilst at the same time ensuring that the differential between wheel sizes being using by riders in the same class are kept within acceptable tolerances for safety. Larger Juniors attempting to ride bikes that are too small gives rise to control issues and represents a significant safety issue for the rider and their fellow competitors.</p> <p>FIM regulations for junior classes stipulate a maximum 17" for the rear and unlimited for the front. This aligns MA junior classes with the FIM.</p>	with this rule change. Junior Speedway does not need changes at this stage.	SCB's	
SW727	Amend rule	R Gill	19.7 CLASSES- JUNIOR SPEEDWAY	19.7 CLASSES- JUNIOR SPEEDWAY	Commission do not agree	SCB's	

Item No.	Issue	Raised By	Existing Rule	Proposed Rule Change & Rationale	Commission's Decision	Lead	MA Board Decision
	19.7		<p>19.7.0.1 Junior - age groups and capacities - solo and sidecar; AGE GROUP CLASSES AND CAPACITY 7 to U9 years 125cc Single 4-stroke Solo 9 to U16 years 125cc Single 4-stroke Solo 13 to U16 years 250cc solo 14 to U16 years 350cc solo 11 to U16 years 250cc 4-stroke Sidecar 9 to U16 years 250cc 4-stroke Sidecar Passenger</p>	<p>19.7.0.1 Junior - age groups and capacities - solo and sidecar; AGE GROUP CLASSES AND CAPACITY 4 to U9 years 50cc 2 stroke and 4 stroke Solo non-competitive 7 to U9 years 50cc 2 stroke and 4 stroke Solo 7 to U9 years 125cc Solo Single 4-stroke Solo 9 to u16 years up to 150cc Solo Single 4 stroke Solo 9 to U16 years up to 85cc Solo Single 2-stroke Solo 13 to U16 years 250cc solo 11 to U16 years 250cc 4-stroke Sidecar 9 to U16 years 250cc 4-stroke Sidecar Passenger Rationale If speedway is to grow there needs to be a defined pathway from 4 years through to senior. Classes need to be defined within the sport and not just allowed to 'happen' ad-hoc around the country. An ad-hoc approach will and does produce ad-hoc results. MX and Dirt track (the most successful of the disciplines) have 16 and 13 classes respectively from 7 yrs through to 15 years and for every capacity size (plus 50cc non-competitive). Riders and parents need to see this pathway, and clubs have got to know there are these classes to offer. SMCWA is catering to this philosophy and it is paying dividends. SMCWA DO NOT accept the argument that there are not enough riders to make these classes, but do accept that without an effort from clubs to recruit riders it will be a challenge especially in the early days. Speedway will grow if we start thinking outside the square, attack the</p>	with this rule change. Age group to stay as per GCR 19.7.0.1		

Item No.	Issue	Raised By	Existing Rule	Proposed Rule Change & Rationale	Commission's Decision	Lead	MA Board Decision
				problem from the elite end as well as the grass roots, offer choice (of which there is limited at present) and learn from the other successful disciplines and other sports. If we stick to doing the same thing then it is no surprise we get the same result. Rider numbers WILL NOT increase without some change. These changes won't cost anything but do provide the structure for a future.			
SW727	Amend rule 19.2.5 Junior sidecar	R Gill	19.2.5 Junior - Sidecar 19.2.5.1 Overall length from the leading edge of the front tyre to the outside edge of the rear mudguard must not exceed 2100mm. 19.2.5.2 Overall width must not exceed 1250mm. 19.2.5.3 Wheelbase, taken at axle height and from the centre of the front axle to the centre of the rear axle, must measure between 1,500mm and 1,200mm. 19.2.5.5 Wheel track, taken between the tracks left by the centre lines of the rear motorcycle wheel and the sidecar wheel, must measure between 800mm and 600mm.	19.2.5 Junior - Sidecar 19.2.5.1 Overall length from the leading edge of the front tyre to the outside edge of the rear mudguard must not exceed 2500mm. 19.2.5.2 Overall width must not exceed 1400mm. 19.2.5.3 Wheelbase, taken at axle height and from the centre of the front axle to the centre of the rear axle, must measure between 1,700mm and 1,200mm. 19.2.5.5 Wheel track, taken between the tracks left by the centre lines of the rear motorcycle wheel and the sidecar wheel, must measure between 900mm and 600mm.	Commission do not agree with this rule change. All Junior tracks other than Pinjar Park cannot accommodate this change.	SCB's	
SW728	Amend rule 19.4 engines Junior Speedway	R Gill	19.4 ENGINES - JUNIOR SPEEDWAY 19.4.1 125cc Solo 19.4.1.1 If the engine is fitted with a gearbox, the gearshift lever must be removed and the machine must remain in 1 gear while racing. 19.4.1.2 The engine capacity must not exceed 125cc with a +1mm tolerance of the bore diameter.	19.4 ENGINES - JUNIOR SPEEDWAY 19.4.1 125cc / 150cc Solo 19.4.1.1 If the engine is fitted with a gearbox, the gearshift lever must be removed and the machine must remain in 1 gear while racing. 19.4.1.2 The engine capacity must not exceed 125cc for the 7 to U9 years class, & 32mm for the 9 to U16 years class can be fitted.	Commission do not agree with this rule change. Engines to stay as 125cc only, 150cc not needed as another class.	SCB's	
SW729	Amend rule 19.7 classes Junior speedway	R Gill	19.7.0.1 Junior – age groups and capacities – solo and sidecar 7 – U9 years 125cc single 4 stroke solo 9 – U16 years 125cc single 4 stroke solo	19.7.0.1 Junior – age groups and capacities – solo and sidecar 7 – U9 years 125cc single 4 stroke solo 9 – U16 years 125cc 150cc single 4	Commission do not agree with this rule change to add 150cc engines.	SCB's	

Item No.	Issue	Raised By	Existing Rule	Proposed Rule Change & Rationale	Commission's Decision	Lead	MA Board Decision
			13 – U16 years 250 cc solo 14 to U16 years 350cc solo 11 to U 16 years 250 cc 4 stroke sidecar 9 to U 16 years 250 cc 4 stroke sidecar passenger	stroke solo 13 – U16 years 250 cc solo 14 to U16 years 350cc solo 11 to U 16 years 250 cc 4 stroke sidecar 9 to U 16 years 250 cc 4 stroke sidecar passenger. The reason for these changes is to align with rules under all disciplines rule 12.16.0.1			
SW730	2014 Solo Speedway Championship	Commission		<p>Applications received for the 2014 Championships discussed;</p> <p>Promoters from the 2013 Series met at Motorcycling Australia with David White and decided;</p> <ul style="list-style-type: none"> • There will be a Series Referee for 2014 Championship. • Series Announcers will be Rod Colqhoun and Matt Holder at Motorcycling Australia's expense. <p>Commission discussed the possibility of the 3 round series to be reverted to a one off Championship. Riders prefer a 3 Round Series held over a week period.</p> <p>Championship will be a 3 round series on the following dates and venues; 2014 Solo Championship - 3 Round Series Round 1 Kurri Kurri (NSW) 3rd - 4th January Round 2 Undera (VIC) 8th January Round 3 Gillman (SA) 11th January</p>	Speedway Commission supports this recommendation
